About Lodge La Source ...

Lodge la Source is a modern south-facing detached chalet built in 2011, on land belonging to the owner's family.

In the quiet village of Les Clefs, just 4km from the busy market town of Thônes, it is about 16km from the La Clusaz pistes, so a car is essential (but it is just off the main road, which is always cleared of snow in winter). Built as a family home, it is a great place for young children, with a large garden, and a mezzanine area which could be used as a children's play room.

In 2018 the owner upgraded his already fantastic property with a fabulous indoor pool extension with a gym (elliptical bike, exercise bike, treadmill, aquabikes), home cinema and rooftop terrace.

The chalet has fabulous views, looking out onto tree-covered mountains, an old farm, La Tournette and up the valley towards Manigod.
